

# Tortoise habitat

Tortoise Species: \_\_\_\_\_

## Temperatures

Under basking lamp: ..... Ambient temperature: .....

Cool end: ..... At night time: .....

Temperature control (e.g. Type of thermostat) .....

**NOTE:** Thermostats are used to control temperatures to avoid over or under heating your tortoise. However, not all bulbs are compatible with thermostats ie. a combined heat and UV light. This would be better used with a timer.

## UV light(s)

Type ..... %..... Brand.....  
(Strip,Coil,Combi)

Type ..... %..... Brand.....  
(Strip,Coil,Combi)

## Timings

Basking area heat on for: .....

UV light on for: .....

## Substrate

.....
